Figures Dealing with the JOT Program

1. As indicated in the itemized attachments, we are planning to:

(a) enter 19 JOT's in OC #7. There are also seven others whose programs are still undefined but who might enter this course;

(b) enter 30 of those presently on board in OC #8. There are five others who might be placed in it if their training programs warrant it.

2. The present status of the recruitment of JOT's follows:

	<u>EOD Date Settled</u>	<u>Permanent Actions</u>	<u>Temporary Actions</u>	<u>Total</u>
Civilians	15	19	18	52
OCS	2	6	6	14
ROTC	1	2	3	6

Comments on the above

(a) The OCS and ROTC candidates will not be eligible for OC #8;

(b) There are two other Air Force-ROTC officers who are scheduled to report in February 1959;

(c) Of the civilians, [REDACTED] and I estimate that 30 to 35 will enter on duty before September.

(d) We think that there may be 5 to 10 other civilian candidates still to be recruited who will be cleared before September.
